Loudoun Soccer is pleased to announce its 2008 Player Development Programs Calendar. In 2007, we hosted more than 120 players on our spring and summer programs and clinics, as well as several affiliated residential programs. 2007 also saw the launch of our **FS2 Advanced Footskills** program, and an expansion to our **GK Academy** Program. In 2008, we have already launched our new **Striker Academy**, which completes our Academy Programs structure. Our training in 2008 promises to be better than ever with additional staff added to the Loudoun Soccer coaching team and improved fields and facilities.

Year-round GK Academy, spring break and summer training clinics are open to players from outside of Loudoun Soccer also.
